ULTRA THIN

Ultra Thin Tips are, as the name already reveals, ultra thin, which makes the tips also very flexible. These tips will save you time, as blending is barely necessary and less time is needed to make them thinner. The flexibility enables the nail technician to pinch the tips and prevents the tip to crack when shortening it. Most nail technicians will love to work with these tips because of the short well and the natural smile line. The enhanced arch will give the nail a beautiful curve.

A natural nail surface cleaner. Prep cleanses and temporarily dehydrates the natural nail plate. It is an essential part of your preparation procedures for application of enhancements or nail enamel as it improves adhesion and reduces lifting. Prolongs the wearability of nail enamels. Removes contaminants from the nail plate.

ACID FREE PRIMER

10 ML ITEM NO. 1199832007

A bonding agent that promotes a better adhesion from liquid and powder enhancements to natural nail. This is a non-corrosive formula that eliminates damaging and thinning of the natural nail plate. Prevents lifting.

NAIL PREP

14 ML ITEM NO. 1199831003

A pH-balancing agent and dehydrator for the nail plate. It removes moisture and oil from nail surface to improve adhesion.

It works in 3-5 seconds. Used prior to primer, resins or polish in the salon.

PRIMER

15 ML ITEM NO. 1199032001

Penetrates the surface of the nail plate and dehydrates the nail completely. Primer prepares the nail for the best adhesion of any acrylic or gel products on the market. This should be used sparingly.

DOLPHIN LED LIGHT

AVAILABLE IN:

BLACK ITEM NO. 1899521008

WHITE ITEM NO. 1899521009

This compact 1-finger Dolphin
LED Light works 4 times faster
than the common UV Light.
The powerful LED-light (5
Watt) ensures a full & even
cure and has a built-in timer
of 30 seconds. Because of
the small size it is ideal for
demonstrations, and as retail
product for home use. The
lamp is removable for hand-
held use, which makes this
Dolphin LED Light perfect for
curing toenails too.

**LED LIGHT
MINI MOON**

This compact, single hand, lightweight, moon shape design LED Light has 3x 2 Watt LED lights and has a built-in timer of 30 seconds. It is easy to travel with and can also be used for curing toe nails.

WHITE ITEM NO. 1899521011

**CCFL LED LIGHT
SEA SHELL**

The CCFL LED Light Sea Shell cures both UV and LED gels from nearly every brand. The bottom is magnetic, thus easily removable, making it possible to cure gels on feet comfortably as well. The light has 4 built-in timer options and works with a motion sensor. It starts curing when motion of the hand or foot is detected. Unique feature of this lamp is that it also provides relaxing audio effects, like roaring ocean waves, flying seagulls, ejecting hot springs, drips of water and frozen crystals. These sound effects give the client an amusing, relaxing experience and provides the nail tech an indication of what is happening, e.g. light activated, curing, finished curing.

ITEM NO. 1899521022

**DIAMOND
LED LIGHT
30 WATT**

The one hand Diamond LED Light 30 Watt (10x 3 Watt) is a powerful LED lamp designed to cure a wide range of gels in a very short time; within 10-30 seconds. To provide more comfort for the client, special stand is included to heighten the lamp. The hand can rest under the lamp when the thumbs are being cured. The stand also provides space to store your instruments, brushes, files, etc.. The built-in electronic timer provides different time selections: 10, 20, and 30 seconds and swithes on when the hand is placed in the lamp. It has a convenient removable tray for toe nail curing.

MARATHON-3 ELECTRIC FILE

The Marathon 3 Electric Filing Machine is ideal for starters but also very suitable for the more advanced nail technicians. It has a forward and reverse function and can be operated by hand or with the foot pedal. The machine is almost soundless and the vibration is insignificant when operating. The speed is adjustable up to 35.000 rpm. The bits can be stored in the designated holes on top of the filing machine, which enables you to reach them easily. The twist lock hand piece can either be placed in the transparent plastic holder, which you can slide on either side of the drill or it can be placed in the silicon holder.

ITEM NO. 1899511005.

ELECTRIC FILING MACHINE CRAFIEN K-35

Whether the nail technician is a starter or a more advanced user, everyone will love this electric filing machine. The speed is adjustable up to 30.000 rpm and has a forward and reverse function. The rotation direction will change automatically without stopping when the reverse button is pushed. The Crafién K-35 produces hardly any vibration and produces no heat. Bits can be easily changed because of the twistlock hand piece. Place the hand piece in the included silicon holder when not in use.

ITEM NO. 1899511010

KRAFIT K-38 PORTABLE ELECTRIC FILING MACHINE

Powerful, but very compact and portable, that is the Krafit K-38 Portable Electric Filing Machine. It is an ideal electric file for both starters and the more advanced nail technicians. The speed is adjustable up to 30.000 rpm and has a forward and reverse function. You are able to change the direction of rotation without stopping, just push on the reverse button and the electric file will rotate in the other way automatically. The Krafit K-38 Portable has hardly any vibration and produces no heat. The twistlock hand piece makes changing the bits very easy and can be placed in the silicon holder when not in use. It works with rechargeable batteries and with the included power cord as well.
